

NAMANI VINAY

ASP.NET Web Developer

Peddapalli, India | +91 9100855212 | namanivinay20@gmail.com | <https://github.com/NAMANIVINAY>

Professional Summary

ASP.NET Web Developer with over 2.7 years of experience in building robust web applications and systems. Proficient in ASP.NET Core, C#, SQL, and JavaScript, with expertise in API development and web services integration. Passionate about solving complex problems, improving system efficiency, and delivering innovative solutions

Technical Skills

- Backend Development: .NET Framework, MVC, REST APIs, JSON, Agile Methodology, SDLC, Visual Studio Code, LINQ, Authentication & Authorization, Azure Fundamentals
 - Frontend Development: HTML, CSS, JavaScript, Bootstrap
 - Database Management: SQL Server, Entity Framework Core
 - System Administration: Active Directory Domain Services (AD DS), User/Group Management
 - Tools: Git, Visual Studio, Postman
 - Other: OOP Concepts, Problem-Solving
-

Work Experience

ASP.NET Web Developer | NTPC Ramagundam | May 2023 – Present

As an ASP.NET Web Developer at NTPC Ramagundam, responsible for designing, developing, and maintaining internal web applications that support day-to-day operations across departments. Work involves translating business requirements into functional web-based solutions using ASP.NET Core, C#, SQL Server, HTML, CSS, JavaScript, and Bootstrap.

- Developed and maintained responsive, user-friendly web applications, reducing user-reported issues by 25%.
 - Wrote clean, reusable, and maintainable code following object-oriented principles.
 - Designed and managed SQL Server databases for storing and retrieving data efficiently.
 - Debugged, tested, and optimized applications to ensure high performance and reliability.
 - Collaborated with internal teams to understand requirements and propose effective technical solutions.
 - Maintained proper version control and documentation for all developed systems.
 - Provided technical support and enhancements for existing applications based on user feedback.
 - Ensured data integrity, security, and smooth system functionality in production environments.
-

Education

- B.Tech in Computer Science Engineering | Trinity College of Engineering and Technology | 2021 – 2024 | CGPA: 7.93
 - Diploma in Computer Engineering | Jyothishmathi Institute of Technology and Science | 2018 – 2021 | CGPA: 9.08
 - S.S.C | Singareni Collieries High School | 2017–2018 | CGPA: 8.2
-

Certifications

- Oracle Cloud Infrastructure AI Foundations Associate (2025)
 - SQL and Relational Databases 101 (IBM, 2023)
 - Industrial Training on Android Application Development (2021)
-

Projects

- Personal Portfolio Website: Built a responsive portfolio using HTML, CSS, and JavaScript, showcasing skills and projects. Integrated modern design elements and interactive features for cross-device compatibility. Hosted the project on GitHub Pages for public access.
-

Achievements

- Successfully delivered systems improving operational efficiency across multiple departments at NTPC.
 - Earned recognition for developing innovative solutions during industrial training.
-

Interests

Exploring new technologies, staying updated on technical trends, solving coding challenges.
